

URGENT

**NSSRA
A.I.F.
INFORMATION**

ANNUAL INFORMATION FORM (AIF)

Why does NSSRA need this information?

We need this information to help us provide programs and accommodations that are safe and fun for our participants.

Is the information confidential?

Yes, the information is only shared with staff members who are providing direct services to an individual participant.

How often do I have to complete an AIF?

To provide the best recreation programs, NSSRA requires that each participant has an AIF on file with us. If you are a new participant, we will send you a blank AIF. If you have registered with us before, we ask that each family reviews and updates the information annually.

Is my signature important?

Yes, your signature tells us that you have read the information and agree that it's accurate.

How do I correct information already in the AIF?

If you have registered with us before, NSSRA will generate an AIF based on information you've previously provided. If you left a question blank in an earlier AIF, that answer may appear as a "no" in a print-out of the AIF that you receive. We know circumstances change, so please correct the information.

To correct any information, please make changes on the AIF, and return to NSSRA at 3105 MacArthur Boulevard, Northbrook, IL 60062.
